Enclosures—Number

Has the honour to bring to your kind notice that there has been a Branch of the Kanada School at Chitaldroog located in a portion of Kutchengamma's Temple fitted up for the purposes of a private School over 10 or 12 years ago by some of the leading inhabitants

inhabitants of the town living close by. The former is the latter School taken over by Government and formed into a branch School 5 years ago. The roof of the building is greatly leaky the walls are rotten and the floor is quite insecure. It is therefore absolutely necessary to repair it thoroughly which may cost about 2 or 3 hundred rupees.

The temple is a local institution and as such perhaps it belongs to the Museum Department. The portion above referred to may be put in perfect order at the cost of the Education Department if the location of the School therein will not be disturbed.
